

Office of Human Resources provided REP sites

To better support diverse recruitment efforts across UW-Madison, OHR has worked with a number of agencies and websites to assist in marketing positions available at the university. These will auto-populate in the JEMS PVL REP (Recruitment Effort Plan) tab, please leave them there (with the only exception if you are approved for an internal recruitment). If you have any questions regarding these sites please contact your HR assistant in the SoE Business office.

The following websites pull (scrape) the job postings from UW jobs website automatically:
